Summary

DevOps engineer automating Kubernetes delivery with Terraform, Ansible and Python across Azure, on-premises and air-gapped environments, plus release validation and secure upgrades.

Experience

ABB

Software Engineer - DevOps | Sep 2024 - Present

Associate Software Engineer | Sep 2023 - Sep 2024

Intern | Mar 2023 - Sep 2023

- Engineered Azure DevOps pipelines with reusable Terraform modules, remote state/locking, Kubernetes/Helm rollout, seeding and downstream integrations for customer delivery.
- Reduced deployment elapsed time from 2-3 weeks manually to about 3 hours through Release pipelines and about 1 hour through current Build pipelines.
- Built the air-gapped L2 Edge deployment end-to-end: offline k3s install, image import into containerd without a registry, and Keepalived VIP failover with automatic workload scaling.
- Built Ansible upgrades for Azure, bare-metal and air-gapped estates, with Vault secrets, preflight checks, backup/restore and Helm reconciliation.
- Led 30+ product releases and patches every 2 weeks across the 25.x and 26.x lines, with G5 support, PR review, QE validation and customer/operations handover.
- Built Python release orchestration for missing-build triggers and image inventory, and delivered vulnerability patches with Cosign image signing and approval-gated upgrades.

Skills

Cloud & Platforms: Azure, Azure Container Registry

Containers & Orchestration: Docker, Kubernetes, Azure Kubernetes Service, Helm, K3s

Infrastructure as Code: Terraform, Ansible, Ansible Vault

CI/CD & GitOps: Azure DevOps, Azure Pipelines, Argo CD

Observability: Prometheus, Grafana, Thanos

Linux & Networking: Linux, Keepalived

Storage & Identity: Azure Key Vault

Data Stores & Streaming: SQL Server, MongoDB

Languages & Scripting: Python, PowerShell, Bash, JSON

AI-Assisted Engineering: GitHub Copilot, custom agents, MCP-assisted workflows

Certifications & Development

Microsoft Azure Administrator (AZ-104) | Exam preparation in progress

Education

RV Institute of Technology and Management

Bachelor of Engineering | Aug 2019 - Jul 2023 | GPA 8.8

Awards

Work-Skill Balance Award | ABB | Oct 2026 · **Pinnacle Performance Award** | ABB | Jul 2026 · **X-tra Miler Award** | ABB | Jan 2025 · **Team Excellence Award** | ABB | Sep 2023
